

Solution

Quick Pass for DMV

Create Convenient, Faster Payment Experiences

Quick Pass for DMV enables modern payment strategies to decrease DMV wait times in a safe secure environment, with the ability to increase revenue.

Agency Experience

Offer Payment Flexibility – faster more convenient experiences.

- Enable popular Digital Wallets – ApplePay®, Android® and Samsung®
- Process payments anywhere with handheld mobile device
- Bar Code Reader used to reduce data entry and create a faster constituent experience

Program Management

Decrease costs while offering a stand-alone solution

- Best-in-class Data Security with encryption and tokenization
- This solution comes with manual integration to your back end systems, and has the capability of full integration upon request
- Available on State Contracts and a pre-competed National Cooperative Purchasing Contract

Admin Experience

Go live in a handful of days

- Minimize your PCI footprint with validated P2PE
- Enables complex real-time integration
- Easily configure options and user-defined fields

Accept every payment type through our fastest, mobile optimized POS

Example Use Case: Department of Motor Vehicles

We can help DMV locations alleviate the high-traffic demands created by conversion to RealID.

DMV facilities need the flexibility and speed of Quick Pass for DMV to help counter the impact of facility closures and fewer staff members.
